

How Do Students Get Enrolled?

► **First**, contact the College Tech Prep Coordinator in your school or region. Tell your coordinator that you are interested in learning more about College Tech Prep. You can begin a College Tech Prep program as early as your 10th grade year.

► **Second**, with the help of your coordinator, school counselor, and parents, design a plan using the SEOP to achieve your goals.

► **Third**, register for courses that include your College Tech Prep plan. Remember to inquire about concurrent enrollment courses and other college credit opportunities at your school.

► **Fourth**, individualize your high school education by focusing in your career interest area. Join a student leadership organization and gain additional leadership skills. Apply for a work-based learning opportunity and experience the world-of-work.

Don't forget to apply for the Applied Technology Scholarship available for most College Tech Prep programs. Ask your school coordinator for an application in January of your Senior year.

Who is the College Tech Prep Coordinator in my region?

Bear River Region

Troy Christensen
PH: 435-750-3169
EMAIL: tchristensen@mbatc.tec.ut.us

Central Region

Dr. Jerry Hawley
